What else can we bronze for you??

Most keepsakes can be plated in our genuine metal Bright Bronze, Antique Bronze or "Pewter" finishes. We can make one-of-a-kind keepsakes by bronzing balls, pacifiers, adult shoes or boots and hats. **The actual item...preserved forever!**

About the only things that can't be bronzed are organic or crocheted items, paper products or stuffed animals.

We can preserve almost anything from a treasured sports item to an unusual gag gift. Let your imagination determine the perfect business or retirement gift or a special present for you or a loved one. Turnaround time for bronzing these types of keepsakes is 10-12 weeks from when they are received at the factory.
